Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Thursday 11 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Bright start for most, cloudier with rain later.

Today:
Bright start with sunny spells across the south and the north, where a few showers likely. Cloudier through central Scotland with patchy rain. Cloud increases from the southwest this afternoon bringing outbreaks to all but the far northeast by evening.

Tonight:
Dry evening with clear spells for Shetland, otherwise a generally a cloudy night across Scotland with outbreaks of rain, occasionally heavy, especially across the southwest and southeast facing upslopes.

Friday:
A largely cloudy day with outbreaks of rain, occasionally heavy especially across the southwest and southeast facing upslopes. Becoming drier from the northwest through the late afternoon and evening.

Outlook for Saturday to Monday:
Rather cloudy in east this weekend with patchy rain but brighter, drier in west. Rain spreads southeast late Sunday clearing early Monday to leave a dry day with sunny spells.
